Mobile Food Unit General Requirements and Limitations

A **mobile food unit** is defined as *any vehicle that is self-propelled or that can be pulled or pushed down a sidewalk, street, highway or waterway, on which food is prepared, processed or converted or which is used in selling and dispensing food to the ultimate consumer.*

Class I – These units can serve only intact, packaged foods and non-potentially hazardous drinks. No preparation or assembly of foods or beverages may take place on the unit. Non-potentially hazardous beverages must be provided from covered urns or dispenser heads only. No dispensed ice is allowed.

Class II – These units may dispense unpackaged foods. However no cooking, preparation, or assembly of foods is allowed on the unit. No self-service by customers is allowed.

Class III – These units may cook, prepare, and assemble food items. However, cooking of raw animal foods on the unit is not allowed.

Class IV – These units may serve a full menu.

	Class I	Class II	Class III	Class IV
Water Supply Required	No	Yes	Yes	Yes
Handwashing System Required	No	Yes – Minimum 5 Gallons ¹	Yes – Minimum 5 Gallons ¹	Yes – Minimum 5 Gallons ²
Dishwashing Sinks Required	No	No ³	No ³	Yes – Minimum 30 Gallons
Assembly or Preparation Allowed	No	No	Yes	Yes
Cooking Allowed	No	No	Yes ⁴	Yes
Barbecue Operation Allowed	No	No	Yes – Reheating of Fully Cooked Foods ⁵	Yes
Restroom Required	Yes	Yes	Yes	Yes
Examples	Prepacked Sandwiches/ Dispensed Soda	Service of Unpackaged Food Items	Bento (with precooked meat), Espresso, Hot Dogs	No Menu Limitations

¹ The handwashing system may consist of a container that provides flowing water.

² The handwashing system must be plumbed to provide hot and cold running water.

³ Must provide a minimum of 30 gallons of water for dishwashing, if provided.

⁴ May cook only foods that are not potentially hazardous when raw (rice, onions, pasta, etc.).

⁵ With class III units, the barbecue must be integral to the unit and only used to impart flavor.

Mobile food units must be mobile and on wheels (excluding boats) at all times during operations.

The unit and all operations and equipment must be integral to the unit.

This does not preclude the use of a barbecue unit with a Class IV unit.

- Because the mobile food unit design is related to the menu served, the Umatilla County Public Health Department must approve any change in the menu. Failure to obtain approval for a menu change may result in closure of your unit.
- A mobile food unit may connect to water and sewer if it is available at the operation location; however, the tanks must remain on the unit at all times.
- A food grade hose is needed for filling fresh water tanks, this hose must meet NSF standard 61
- A mobile food unit may not serve as a commissary for another mobile food unit or as the base of operation for a caterer.
- Food handler cards are required for all persons working in a mobile food unit or at a base of operation. Please contact Umatilla County Public Health for information on obtaining a food handler card.
- Auxiliary storage shall be limited to items necessary for that day's operation. No self-service assembly or preparation activities may occur from auxiliary storage containers.
- Handling of unpackaged foods, dishwashing, and ice making are prohibited in a warehouse.
- If your mobile unit stays in one place for more than 1 day, you will need to meet with the planning department for the jurisdiction you are setting up.
- Finally, while this document contains some detailed information about the rules for the construction and operation of a mobile food unit, it does not contain all of the requirements for your unit. Please refer to the **Food Sanitation Rules** at www.healthoregon.org/foodsafety.

1. Where will you purchase foods for use in your mobile food unit?
2. Describe how and where foods will be cooked and prepared:
3. How will hot and cold food temperatures be maintained at all times on the unit?
4. Describe your process for rapidly cooling foods for cold holding. Describe your process for rapid reheating food on the unit. Will food be prepared one day for use on another day?
5. How will you store food, equipment, and maintenance supplies?
6. Will you perform any food preparation processes that might require a food preparation sink? *Examples may include produce washing, food thawing, and using an ice bath to cool food.*
7. What type of handwashing system will be used on the unit? What are your general handwashing procedures?
8. Describe how dishes and utensils will be washed. If dishes and utensils are washed on the unit, please list the dimensions of your 3 compartment sink. What kind of sanitizer will you be using?
9. Where will the mobile unit be cleaned? Please describe the procedures for any equipment that will be cleaned in place rather than in a sink.
